## ALUMINIUM EXTRUSION INDUSTRIES PLC 31<sup>ST</sup> ANNUAL GENERAL MEETING

### **CHAIRMAN'S STATEMENT:**

Distinguished shareholders, fellow Directors of our Company, ladies and gentlemen, it is indeed a great pleasure and privilege to welcome you to the 31<sup>st</sup> Annual General Meeting of our Company, Aluminium Extrusion Industries PLC, and to present to you the Annual Report and Accounts of the Company for the year ended 31<sup>st</sup> December 2017.

### **REVIEW OF THE OPERATING ENVIRONMENT:**

Nigerian Manufacturers were confronted by many challenges including high cost of funds, unreliable and inadequate electricity supply, high input costs that led to high prices of locally produced goods as against the imported ones, social unrest and uncertainty in some parts of the North and South and the consequent decline in demand for products.

### **OUR COMPANY OPERATIONS:**

To survive in the face of the above challenges, our Company intensified efforts to get more customers and retain our current dealer base.

Our Company procured a new Extrusion Press Cylinder from the Original Equipment Manufacturer. We have also successfully fitted the same in the Press. By this initiative we have avoided risk of major production stoppage.

### **OUR PERFORMANCE:**

Our Company made a total turnover of N2.57 billion as against N2.99 billion the previous year. Similarly, Profit before tax marginally dropped to N124.01 Million as against N127.56 Million in the previous year. In the same year, profit after tax dropped to N83.40 million from N88.05 million the previous year. Nevertheless, the Directors are proposing a dividend of 8.5 kobo per share for the year ended 31 December 2017. The proposed Dividend amounts to N18.7 million, subject to deduction of Withholding Tax. By this the Company would be paying dividends for eight years consecutively.

### **CORPORATE SOCIAL RESPONSIBILITY:**

Our Company continued to maintain cordial relationship with our host community. The Community Relations Committee held regular meetings with the representatives of the community and projects already established for the community are being maintained and improved upon.

### **PROSPECTS FOR THE FUTURE:**

Our Company continues to study and monitor developments in the Industry and the market and will react appropriately as the situation may demand. Our customers testify that our products are the best in the market and we will endeavor to keep this up so that ALEX will grow stronger.

### **CONCLUSION:**

I wish to commend all our shareholders for their doggedness and faith in us. My thanks will also go to our customers who have continued to patronize us. In a special way, I must express my gratitude to my fellow Directors on the Board for their support and cooperation. In the same way I wish to thank the Management and staff of the Company for the wonderful work they are doing.

Thank you ladies and gentlemen and God bless you.

**INDEPENDENT AUDITOR'S REPORT**

To the shareholders of Aluminium Extrusion Industries Plc

Report on the Audit of the financial statements

Opinion

**INDEPENDENT AUDITOR'S REPORT**

To the shareholders of Aluminium Extrusion Industries Plc

Report on the Audit of the financial statements

**Opinion**

We have audited the accompanying financial statements of **Aluminium Extrusion Industries Plc** as at 31 December 2017 which comprise the statement of profit or loss and other comprehensive income, statement of financial position, statement of changes in equity and statement of cash flows for the year and summary of significant accounting policies and other explanatory information as set out on pages 6 to 35.-

In our opinion, the financial statements give a true and fair view of the financial position of **Aluminium Extrusion Industries Plc**, and its financial performance and cash flows for the year ended 31 December 2017 in accordance with the Companies and Allied Matters Act, CAP C20, LFN2004, the Financial Reporting Council of Nigeria Act 2011 and the International Financial Reporting Standards.

**Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the "Auditors Responsibilities for the Audit of the Financial Statements" section of our audit. We are independent of the Company in accordance with the Institute of Chartered Accountants of Nigeria (ICAN) Professional Code of Conduct and Guide for Accountants, which is consistent with the International Ethics Standards Board for Accountants Code of Ethics for Professional Accountants (Part A and B) together with other Ethical requirements that are relevant to our audit of the financial statements in Nigeria, and we have fulfilled other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Key Audit Matters**

Key Audit Matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current year. We have communicated the key audit matters to the Audit Committee. The key audit matters are not a comprehensive reflection of all matters discussed. These matters are addressed in the context of our audit of the financial statements as a whole and in forming our opinion thereon, and we do not provide a separate opinion on these matters. The key audit matters below relate to the audit of the financial statements.

**Valuation of finished goods inventory**

The company has various forms of finished goods products. These products are press finish (work-in-progress), anodized and powder-coated profiles. This derives from the "metal to metal" reconciliation adopted by the Company. This system concentrates more on the metal input to production and metal output in forms of Billets, Profiles and Aluminium scraps (which are recycled). These metal outputs are being valued as the cost and quantities of the raw materials are entered in SAP accounting package. The manufacturing overheads relating to the production are captured manually in the SAP environment and incorporated in the general ledger via journal. However, the SAP accounting package could not generate the valuation report for the various finished goods categories.

**Our procedures focused on the following:**

Performed appropriate test on the input data in SAP such as confirming the weight of the material input to production (including monthly physical inventory count quantity) and purchase quantity and prices.  
Participated in the year-end physical inventory count and established the inventory quantity in number.  
Reviewed the conversion of the physical inventory counted in units to the kilogramme equivalent used in measuring the weight.  
Reviewed the constituents of the manufacturing overheads and the incorporation to the ledger. Vouched selected ledger balances which have recognized the raw materials input cost and value relating to production.

Our substantive test did not reveal any material mis-statements.

**Other information**

The Directors are responsible for the other information. The other information comprises the Directors' report and Audit Committee's report as required by Companies and Allied Matters Act CAP C20 LFN 2004, which we obtained prior to the date of this Auditor's report and the integrated report, which is expected to be made available to us after that date. The other information does not include the financial statements and our Auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

Based on the work we have performed on the other information that we obtained prior to the date of this Auditor's report, if we conclude that there is a material mis-statement of this other information, we are required to report that fact. We have nothing to report in this regard.

**Responsibilities of Directors for the financial statements**

The Directors are responsible for the preparation and fair presentation of these financial statements in accordance with the Companies and Allied Matters Act, CAP C20, LFN 2004, the Financial Reporting Council of Nigeria Act 2011, the International Financial Reporting Standards and for such internal control as the Directors determine is necessary to enable the preparation of the financial statements that are free from material mis-statement, whether due to fraud or error.

In preparing the financial statements, the Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Company and/or to cease operations or have no realistic alternative but to do so.

**Auditor's responsibilities for the audit of the financial statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from any material mis-statement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Mis-statements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also: identify and assess the risk of material mis-statement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks and

obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of detecting a material mis-statement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.

- Evaluate the appropriateness of the accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as going concern.
- Evaluate the overall presentation, structure and content of the financial statements including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Company to express an opinion on the financial statements.

We are responsible for the direction, supervision and performance of the audit. We remain solely responsible for our audit opinion.

We communicated with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be brought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Audit Committee, we determine those matters that were of most significance in audit of the financial statements of the current period and therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

**Report on other legal and regulatory requirements**

In accordance with the sixth schedule of the Companies and Allied Matters Act CAP C20 LFN 2004, we expressly state that:

- i) We have obtained all the information and explanation which to the best of our knowledge and belief were necessary for the purpose of our audit.
- ii) The Company has kept proper books of account, so far as appears from our examination of those books.
- iii) The Company's financial position and its statement of profit or loss and other comprehensive income are in agreement with the books of accounts.

## 2.2 Adoption of new and revised IFRS standards

The following revisions to accounting standards and pronouncements were issued and made effective beginning on or after 1 January 2013.

The full impact of these International Financial Reporting Standards (IFRSs) and International Financial Reporting Implementation Committee (JFRIC) Interpretations has been assessed by the company, but noted that none of these pronouncements has resulted in any material adjustments to the financial statements.

Pronouncement	Nature of change	Required to be implemented for periods beginning on or after
IFRS 10 Consolidated Financial statements	IFRS 10 establishes principles for the presentation and preparation of consolidated financial statements when an entity controls one or more other entities. IFRS 10 replaces the consolidation requirement in SIC-12 Consolidation-Special Purpose Entities and IAS 27 Consolidated and Separate Financial Statements.	1 January 2013
IFRS 11 Joint Arrangements	IFRS 11 provides clarification on how interests in jointly controlled entities should be accounted for and focuses on the rights and obligations of the arrangement rather than its legal form.	1 January 2013
IFRS 12 Disclosures of Interest of Other Entities	IFRS 12 provides new disclosure requirements for all forms of interests in other entities, including subsidiaries, joint arrangements, associates and unconsolidated structured entities.	1 January 2013
IFRS 13 Fair Value Measurement	IFRS 13 was issued as part of the IASB's convergence project with the FASB which provides new harmonised guidance on fair value measurement and disclosure requirements. The requirements in IFRS 13 do not extend the use of fair value accounting, but provide guidance on how it should be applied where its use is already required or permitted by other standards within IFRSs.	1 January 2013

Required to be  
implemented for  
periods  
beginning on or after

Pronouncement	Nature of change	Required to be implemented for periods beginning on or after
Amendments to IFRS 7 Financial Instruments Disclosures	The amendments in IFRS 7 require additional disclosure of transfer transactions of financial assets (for example, securitisations), including understanding for possible effects risks that may remain with the entity that transferred the assets.	1 January 2013
Amendments to IAS 19 Employee Benefits	The amendments in IAS 19 eliminate the option to defer the recognition of gains and losses, known as the 'corridor method', streamlines the presentation of changes in assets and liabilities arising from defined benefit plans, including requiring remeasurements to be presented in other comprehensive income (OCI); and enhances the disclosure requirements for defined benefit plans providing better information about the characteristics of defined benefit plans and the risks that entities are exposed to through participation in those plans.	1 January 2013
Amendments to IFRSs Issued 2011	This pronouncement sets out minor amendments to IFRS standards as part of the annual improvement process.	1 January 2013
IFRS 9 Financial Instruments	IFRS 9 introduces new requirements for classifying and measuring financial assets, a single approach to determine whether a financial asset is measured at amortised cost or fair value and a single impairment method. The IASB intends to further expand IFRS 9 (including impairment and hedge accounting) to completely replace IAS 39.	1 January 2015

### 3 Significant accounting policies

The accounting policies set out below have been applied in preparing these financial statements:

#### 3.1 Revenue recognition

Revenue is generated from the sale of extruded aluminum products, roofing sheets and their by products. Revenue is measured at the fair value of the consideration received or receivable and represents amounts received or receivable for goods and services provided in the normal course of business and is reduced for estimated returns and other allowances.

Revenue from the sale of goods are recognized when all the following conditions are satisfied:

- The company transfers to the buyer all the significant risks and rewards of ownership of the goods.
- The company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold.
- The amount of revenue can be measured reliably.
- It is probable that the economic benefits associated with the transaction will flow to the company; and
- The costs incurred or to be incurred in respect of the transaction can be measured reliably.

Risks and rewards of ownership of products are transferred when the products are handed over to customers transporters/representative from company's finished goods storage facilities.

#### 3.2 Foreign currencies

The functional currency of the Company is the Nigerian Naira and the company maintains its books in that currency. Transactions in currencies other than the Naira are deemed to be foreign currency transactions and are converted at the exchange rate prevailing at the transaction date. Monetary assets and liabilities denominated in foreign currencies are translated into Naira at rates prevailing on the reporting date with exchange gains and losses recorded in income statement.

#### 3.3 Property, Plant and Equipment

##### Recognition and measurement

Land and buildings held for use are stated in the statement of financial position at their revalued amount less accumulated depreciation and any impairment losses.

Plant and equipment including borrowing costs, are stated at revaluation/cost less accumulated depreciation or any impairment losses. Depreciation is calculated to write off the cost of property, plant and equipment other than land and construction-in-progress on a straight-line basis over the estimated useful life of the respective class of asset at the following annual rates:

	%
Leasehold buildings	2
Plant and machinery	2.5
Furniture, fixtures and equipment	10
Motor vehicles	15

### NOTES TO THE FINANCIAL STATEMENTS

### FOR THE YEAR ENDED 31 DECEMBER 2017

Assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amounts for those assets may not be recoverable. Impairment losses are measured as the difference between the carrying amount\* and the recoverable amount, which is the higher of the asset's fair value less costs to sell and its value in use, as determined by the amount of estimated risk adjusted future cash flows. Impairment losses are recognised in income statement in the period in which they are incurred. The depreciation method and estimated useful lives are being reviewed regularly. Gains and losses arising on the disposal or retirement of assets are determined as the difference between the sales proceeds and the carrying amount of assets disposed and are recognised in the income statement.

#### 3.4 Intangible Assets

Intangible Assets are measured at cost on initial recognition. They are carried at cost less any accumulated amortization and accumulated impairment losses if any.

The useful life of the intangible are assessed as either finite or indefinite.

The useful life of the intangible are assessed as either finite or indefinite. Intangible assets with finite lives are amortized over the useful life and assessed for impairment whenever there is an indication that the intangible assets may be impaired. The amortization period and the amortization method are reviewed at least at the end of each reporting period.

Intangible assets with indefinite useful lives are not amortized, but are tested for impairment annually, either individually or at cash generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

The Company's intangible assets relate to software purchased and put into use within the year. The useful life of the assets is assessed to be three years and have been amortized accordingly using 33.33%.

#### 3.5 Inventories

Inventories comprise saleable goods held by the Company at the reporting date. These are valued at the lower of cost and net realisable value. Costs include purchase cost, cost (materials, labour, and overhead) and other costs incurred in bringing the goods to their present location and condition. Inventories are valued using the Weighted Average method.

The amount of any written down value of inventory to net realisable value and all losses of inventory is recognised as an expense in the period the write-down or loss occurs.

#### 3.6 Financial instruments

Financial assets and financial liabilities in respect of financial instruments are recognised in the financial statements when the company becomes a party to the contractual provisions of the instrument. Financial liabilities and equity instruments are classified according to the substance of the contractual arrangement. Financial assets and liabilities are offset and the net amount presented in the statement of financial position, when and only when, the Company has a legal right to offset the amount and intends either to settle on a net basis or to realise the asset and settle the liabilities simultaneously.

## ALUMINIUM EXTRUSION INDUSTRIES PLC NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2017

### 3.6.1 Trade and other receivables

Trade receivables do not carry any interest and are stated at their nominal values as reduced by appropriate allowances for estimated irrecoverable amounts. Estimated irrecoverable amounts are based on the aging of the receivable balances and historical experience, individual trade receivables are written-off when management deems them not to be collectible.

### 3.6.2 Borrowings

Loans and borrowings are initially measured at fair value, net of direct transaction costs. Subsequently, loans and borrowings are measured at amortised cost, which is calculated by taking into account any discount or premium on settlement.

### 3.6.3 Trade and other payables

Trade and other payables are initially measured at fair value, and are subsequently measured at amortised cost using the effective interest method.

### 3.6.4 Cash and Cash Equivalents

Cash and cash equivalents comprises cash balances and call deposits with original maturities of three months or less. Bank borrowings that are repayable on demand and form an integral part of the Company's cash management are included as a component of cash and cash equivalents for the purpose of the statement of cash flows.

### 3.6.5 Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial asset or liability and of allocating interest income or expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts or payments over the expected life of the financial asset or liability.

### 3.6.6 Impairment of Financial Assets

The Company assesses at each reporting date whether a financial asset or group of financial assets is impaired.

### 3.6.7 Assets carried at amortized cost

If there is objective evidence that an impairment loss on loans and receivables carried at amortized cost has occurred, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows (excluding future credit losses that have not been incurred) discounted at the interest rate computed at initial recognition). The carrying amount of the asset shall be reduced either financial asset's original effective interest rate (i.e. the effective directly or through use of an allowance account. The amount of the loss shall be recognised in profit or loss.

## ALUMINIUM EXTRUSION INDUSTRIES PLC

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2017

The company first assesses whether objective evidence of impairment exists individually for financial assets that are individually significant, and individually or collectively for financial assets that are not an individually assessed financial assets, whether significant or not, and the asset is included in a group of financial assets with similar credit risk characteristics and that group of financial asset is collectively assessed for impairment. Assets that are individually assessed for impairment and for which an impairment loss is or continues to be recognized are not included in a collective assessment of impairment.

If, in a subsequent period, the amount of the Impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, the previously recognized impairment loss is reversed. Any subsequent reversal of an impairment loss is recognized in the income statement, to the extent that the carrying value of the assets does not exceed its amortized cost at reversal date.

#### **3.7 Impairment of tangible and intangible assets (excluding goodwill)**

At each reporting date, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication of impairment. If such indication exists, the recoverable amount of the asset is estimated to determine the extent of the impairment loss (if any).

Where the asset does not generate independent cash flows from other assets, the company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

An intangible asset with an indefinite useful life is tested for impairment at least annually and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

Where an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an -impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2017

#### 3.8 Taxation

Tax expense comprises current and deferred tax. Current tax and deferred tax charges are recognised in profit or loss except to the extent that it relates to a business combination, or items recognised directly in equity or in other comprehensive income.

##### Current Tax

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years. Taxable profit differs from profit as reported in the income statement because it excludes items of income or expenses that are deductible in other years for tax purposes, and it further excludes items that are never taxable or deductible.

##### Deferred Tax

Deferred tax is recognized on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit, and are accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognized for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilized.

Such assets and liabilities are not recognized if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the asset to be recovered. Deferred tax assets and liabilities are calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset realized. Deferred tax is charged or credited to profit or loss, except when it relates to item charged or credited directly to equity, in which case the deferred tax is also dealt with in equity.

#### 3.9 Dividends

Final dividends are a liability in the year in which they are declared and approved by the Company in general meeting. Interim dividends are recognised when they are paid.

#### 3.10 Employee Retirement Benefits: Defined contribution plan

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and has no legal or constructive obligation to pay further amounts. Obligations for contributions to defined contribution plans are recognised as an employee benefit expense in profit or loss in the periods during which related services are rendered by employees.

Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in future payment is available.

The company makes provisions for retirement benefits in accordance with the Pension Reform Act 2004. Employer and employees contribute 7.5% each of basic salary, transport and housing allowances of each employee. Employees' contributions are deducted from payroll while employer's contributions are charged to profit or loss.

## ALUMINIUM EXTRUSION INDUSTRIES PLC

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2017

Benefits payable on retirement from employment are now paid at the end of each year to the employee concerned whether or not the employee has retired in accordance with agreement with the Employee/Employer Union.

#### 3.11 Provisions

Provisions are recognised when the company has present obligation whether legal or constructive, as a result of a past event for which it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessment of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost.

#### 3.12 Earnings per share

Earnings per share (EPS) are based on the profit after taxation and weighted average number of ordinary shares outstanding at the end of each financial year. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding, adjusted for own shares held, for the effects of all dilutive potential ordinary shares, which comprises convertible notes and share options granted to employees.

#### 3.13 Segment Reporting

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the company components. All operating segments are reviewed over time by the Company's Board of Directors (BOD) to make decisions and assess its performance.

The Company's primary format for segment reporting is based on business segments. The business segments are determined by management based on the Company's internal reporting structure. The Company has two major business segments: Extruded Aluminium Profiles at Owerri and Suleja and Aluminium Roofing sheets at Owerri.

Revenue and cost represent operating revenues and expenses respectively that are directly attributable to each business segment. The Company's business segments are presented by line of business that are subject to similar risks and returns. All Company's revenue is derived from Nigeria.

#### 3.14 Related Parties

Related parties include all associated companies. Directors and their close family members and any employee who is able to exert a significant influence on the operating policies of the company. Key management personnel are also regarded as related parties.

Key management personnel are those persons having authority and responsibility for planning, directing and controlling the activities of the entity, directly or indirectly including any director whether (executive or otherwise) of that entity.

#### 4 Use of estimates and judgment

The preparation of the financial statements in conformity with IFRSs requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Critical judgment applied in arriving at these estimates are based on the best information available to management at the time such estimates were made.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

Information about assumptions and estimation uncertainties that may have a significant risk of resulting in a material adjustment within the next financial year are included in the following note:
